

Tender LTO

Trading Hub Europe GmbH (THE) is inviting bids for the provision of balancing services in the period indicated below in order to meet its long-term balancing requirements in the multi-quality market area Trading Hub Europe, with bids being requested for the “Rest-of-the-Day” (RoD) and "Hourly" product variant of the “Long-Term Options” (LTO) product.

Please note that only bids for the supply of gas by providers (SystemBUY) are being invited for the RoD product variant of the LTO product, with providers to make delivery of high CV gas in the balancing zone specified below. For the Hourly product variant of the LTO product, bids are being invited for both the receipt (SystemSELL) and the supply (SystemBUY) of gas by providers, with providers to take and make delivery of low CV gas in the balancing zone specified below.

The tenders are carried out for the 4th quarter 2021.

Characteristics of the tender for the 4th quarter 2021:
