

Tender (LTO hourly)

9 September 2024, 06:00 hours to 21 September 2024, 06:00 hours

Note: Please note that the wording of the following text has been adjusted in one place (“storage connection line” instead of “storage”).

Trading Hub Europe GmbH (THE GmbH) is inviting bids for the provision of balancing services in the periods indicated below in order to meet its long-term balancing requirements in the multi-quality market area Trading Hub Europe, with bids being requested for the "Hourly" product variant of the “Long-Term Options” (LTO).

Please note that for the Hourly product variant of the LTO product, bids are being invited for both the receipt (SystemSELL) and the supply (SystemBUY) of gas by providers, with providers to take and make delivery of low CV gas in the balancing zones specified below.

The tenders are carried out for the contract period 9 September 2024 6 a.m. to 21 September 2024 6 a.m.

Product	LTO Hourly
Contract Period	9 September 2024, 06:00 hours to 21 September 2024, 06:00 hours
Gas quality	Low CV gas (L)
Direction	SystemBUY and SystemSELL
Balancing zone	low CV zone “West” (LW), low CV zone “East” (LO)
Requirement [MWh/h]	1.500 (in each direction)
Number of lots (1 lot = 10 MW)	150

If you wish to respond to the above tender invitations, please submit your bids between **6 August 2024, 12 hours to 13 August 2024, 12 hours**.

Please note:

- The tender is carried out because the long-term balancing requirement for L gas cannot be covered by the SCB product due to planned maintenance of the storage connection line in the LO balancing zone
- The bidding period is five and not ten business days, so that the bidding period for the LTO Hourly product ends at the same time as the bidding period currently taking place for the SCB product (contract period September 2024).
- Bids can be submitted for both the LW balancing zone and the LO balancing zone – a cost-optimal bid acceptance will be made.

Please submit your bids through our [Balancing Services Portal](#).

THE GmbH will accept bids **by 16 August 2024, 12:00 hours** by awarding individual contracts ("System Balancing Transaction Agreements") for the above contract period. Furthermore, we refer to section 5, sentence 7 of the Terms and Conditions for External System Balancing Actions "The Provider shall not be entitled to demand acceptance of one bid or all of the bids by the MAM".

The terms and conditions of the tenders ("Contractual terms & conditions for balancing gas providers") as well as all other documents required for participation in the tenders can be found in the download area in the section "[Downloadcenter THE](#)".
